CORPUS CHRISTI

THE SOLEMNITY OF THE MOST HOLY BODY AND BLOOD

14 June 2020

THIS SUNDAY'S SOLEMNITY FO THE BODY AND BLOOD OF THE LORD is specially poignant this spring. We've come to realize a "hunger" in our lives that food and drink cannot come close to satisfying: a hunger to belong, a hunger to matter, a hunger to be at peace, a hunger to love and be loved. If nothing else, these weeks have given us a new appreciation and understanding of the words of Jesus: that the "bread" that truly nourishes is generosity and compassion that mirrors that of God, the "treasures" of lasting value are the good we can do for those we love, that the Spirit of God lives and moves among us in selfless generosity and sacrificial service.

Let us pray . . .

For our church, the people of God, nourished by the real presence of Christ in the community that we will open ourselves to this graces of healing and peace.

For all who are preparing to receive the sacraments of the Church that they will be strengthen.

For those who have died and left this transitory life . . . especially for the repose souls of all victims of violence, pandemic, Covid-19 individuals and Basil Joseph Billings brother of Joanne Olsen, Grady Billings, Jim Billings and Jill Green. Requiescant in Pace!

Blessed be Jesus in the Most Holy Sacrament of the Altar.

Prayer of St. Micheal

St. Michael the Archangel, defend us in battle.

Be our defense against the wickedness and snares of the Devil.

May God rebuke him, we humbly pray, and do thou,

O Prince of the heavenly hosts, by the power of God,

Thrust into hell Satan, and all the evil spirits,

Who prowl about the world seeking the ruin of souls. Amen

CCCB SIGNS LETTER TO PRIME MINISTER TRUDEAU REGARDING RESEARCH FOR A COVID-19 VACINE – A letter was sent to the Right Honourable Justin Trudeau, Prime Minister of Canada, and to Mrs. Patty Hajdu, Minister of Health, recognizing the government’s generous financial commitment to the development of a vaccine for COVID-19. The letter also urges the federal government to ensure that the development of those vaccines not present an ethical dilemma to Canadians and emphasizes the distinction between vaccines developed using cell lines obtained from earlier abortions (which are unacceptable to many) and those developed without involving such sources.
